At Roche School, we follow and promote the Five Ways to Wellbeing.

Talking and listening to one another and being good friends. Feeling connected and part of our school community promotes good mental health.

Physical exercise has a positive impact on our mental health. This is why all children at Roche take part in P.E. every day!

We're always learning at school, but we also embrace new experiences and opportunities. You might find something you love!

Taking notice of the world around you and the simple things that can bring you joy helps us feel grateful. Taking notice of your own body and feelings means we can ask for support if you need it.

Giving your time, words and presence is really important. Every class at Roche School organises a "give" activity each year to raise money or give back to our local community.
