Also well done to Florence for super independent writing and drawing a beautiful spring picture.

##### Year 1

Well done Lille-Ann and Dominic for creating a really colourful tube picture in art.

##### Year 2

Congratulations to Olivia D and Jaxx for their amazing effort, concentration and perseverance in their AR reading test this week.

They are reading regularly and focussing carefully when doing their quizzes.

##### Year 3

Headteacher's award last week went to Lexi Y. Lexi had a great week and really impressed both Mrs Hill and I with her attitude to all her learning. She was particularly outstanding in whole class phonics where she used her phonic knowledge to help her with her writing. She shone during Handwriting, forming all her letters correctly. She also focused well during History creating a poster about the Maya civilisation working collaboratively in a team. Well done Lexi, very proud of you!

##### Year 4

Well done Ellis for having a great week and excelling in maths and demonstrating dedication to his work.

The other award this week went to the whole class for showing incredible behaviour and enthusiasm on our trip to Lanhydrock House.

##### Year 5

Albee for working really well in DT and persevering. Well done to Edward this week for working really hard at editing his English work.

##### Year 6

Well done to all of the class for trying their absolute best in their mock SATs and making super progress!

We all had a brilliant day sharing our best jokes for 'The Battle of the Jokes' in aid of Comic Relief. Each class voted for their overall winner who then entered the grand final in an assembly at the end of the day. It was great to laugh together and to raise money for a fantastic cause. We raised around £90 via our Just Giving page. Thank you to everyone that donated.

The finalists were Mylor, Dominic, Charlie, Koa, Oskar, Quinn and our overall winner was Lexton. Here were their jokes.....

CHICKENPOX	At least 5 days from the onset of the rash and until all blisters have crusted over.
DIARRHOEA AND VOMITING	48 hours after their last episode.
HIGH TEMPERATURE	If your child has a high temperature, keep them off school until it goes away.
IMPETIGO	Their sores have crusted and healed, or 48 hours after they started antibiotics.
MEASLES	4 days after the rash first appeared.
MUMPS	5 days after their swelling started.
SCABIES	They've had their first treatment.
SCARLET FEVER	24 hours after they started taking antibiotics.
WHOOPING COUGH	48 hours after they started taking antibiotics.

**NO**

CONJUNCTIVITIS	You don't need to keep your child away from school if they have conjunctivitis. Do get advice from your pharmacist. Encourage your child not to rub their eyes and to wash their hands regularly.
COUGHS & COLDS	It's fine to send your child to school with a minor cough or common cold.
HAND, FOOT & MOUTH	If they seem well enough to go to school, there's no need to keep them off. Encourage your child to throw away any used tissues straight away and to wash their hands regularly.
HEAD LICE	There's no need to keep your child off school. You can treat head lice and nits without seeing your GP.
THREADWORMS	Speak to your pharmacist, who can recommend treatment.
SORE THROAT	You can still send your child to school if they have a sore throat. But if they also have a high temperature, they should stay at home until it goes away.
SLAPPED CHEEK	You don't need to keep your child off school if they have slapped cheek syndrome because, once the rash appears, they're no longer infectious.

# Pictures From Home

Here's a picture of Marshall and the under 18's England Team Captain. Marshall was lucky enough to have the opportunity to meet the team and do some training with them before watching the team in action down at Truro Stadium. Marshall enjoyed the whole experience along with many other children in Cornwall.

Thank you for sharing Marshall.

Huge thank you to Kezia for sharing her amazing art work she has been doing at home.  
We think it looks great!  
Well done Kezia.

Enys and his daddy have been very busy making this circuit. It flashes and makes noises.
